Gather And Organize Case Information

Gather Case Information

- **INITIAL FACT INVESTIGATION**

- Conduct Client Interview: Get the story including background information, fact chronology, cast of characters and relevant documents.

- If client is a corporation, understand the client's business/industry, structure and strategic imperatives and assess the impact that litigation may have on the company.

- Identify Early Risks: Organize strengths and weaknesses such as witness credibility, factual inconsistencies, evidentiary issues and business considerations.

- Find Out What You Still Need To Know: Do I have a prima facie case and, if not, what do I still need?

- **RECOMMENDED SOURCES**

  - Complete CaseMap® Client Intake Interview Jumpstart form and import into CaseMap case file.
