Exclusive to *Shepard's*, followed by analysis allows you to quickly spot potential splits in authority. Other citator services can erroneously lead you to believe that a case is no longer good law when in fact it is has been expressly followed in other jurisdictions, or on the very issue in which you are interested.

Narrow Your Results—Get results in context with the FOCUS feature—search within the full text of citing references to narrow results to the fact pattern or legal issue you are interested in—quickly and precisely. Or use FOCUS™ Restrictions to select the jurisdictions, analyses, LexisNexis headnotes, and date ranges relevant to your search—all on one screen.
